Bid Sheet Information:

Provide the total estimated capacity and your bid price for each HCPCS code listed for this product category.

- HCPCS –Healthcare Common Procedure Code System. This is a standardized coding system that is used primarily to identify products, supplies, and services.
- Product Class- A combination of codes for which a single bid is required.
- Item Description – Short narrative description of each HCPCS code. For long description go to www.dmecompetitivebid.com.
- Type of Bid (Rental or Purchase) – The bidding form indicates whether your bid amount for the item (identified by the HCPCS code) should be submitted as either for the purchase of a new item or as a monthly rental. In most cases you will submit a bid amount that represents a purchase of the item. Even though an item is routinely paid for on a rental basis, it does not necessarily mean the bid amount should be for a monthly rental payment.
 - If “Purchase” is indicated, enter a bid amount for total purchase of the item.
 - If “Rental” is indicated, enter a bid price for one month’s rental of the item.It is very important that you review your bid amount and ensure it was entered correctly.
- Product Weight – Indicates the relative market importance of each item to the overall product category.
- Fee Schedule – Indicates the fee schedule amount for this CBA. You must provide a bid price that is less than or equal to the fee schedule amount.
- Total Estimated Capacity – Indicates the number of units per HCPCS code that you estimate you can provide throughout the entire CBA for one (1) year. To determine the capacity for each HCPCS code, calculate the number of units that you currently furnish on a yearly basis and add any additional number of units or capacity you would be capable of providing annually at the start of the contract period. It is anticipated that suppliers will be capable of sustaining the same level of estimated capacity throughout the entire contract period. Please refer to the Bidding Information Chart titled “Estimated Capacity and Bid Amount Worksheet” at www.dmecompetitivebid.com/bic for the definition of “Unit” for each item.
- Bid Price- Indicate your bid price for this item. You must submit a bona fide bid for each HCPCS code. The amount submitted should be rational, feasible, and supportable. If requested, you must be able to provide supporting documentation, such as a manufacturer’s invoice, that verifies you can provide the item to the beneficiary for the bid amount. The bid amount you submit for each HCPCS code should include the cost of furnishing the item throughout the CBA (except for SNFs and NFs that elect to participate as specialty suppliers) for the duration of the contract.
