8 “SEC. 1847C. (a) ESTABLISHMENT.—

9 “(1) IN GENERAL.—The Secretary shall estab-  
10 lish and implement a market pricing program (in  
11 this section referred to as ‘market pricing program’)  
12 under which auctions are conducted in eligible mar-  
13 ket areas (as defined in paragraph (3)) throughout  
14 the United States for the furnishing under this part  
15 of market priced items and services (as defined in  
16 subsection (b)) for which payment is made under  
17 this part.

18 “(2) ROLES OF AUCTION EXPERT AND MARKET  
19 MONITOR.—The elements of the market pricing pro-  
20 gram, including eligible market areas and auction  
21 design, shall be established and operated in consulta-  
22 tion with, and after input and review by, the auction  
23 expert and the market monitor under subsection (g).  
24 In this section, the terms ‘auction expert’ and ‘mar-  
25 ket monitor’ refer to the respective auction expert

2 graph (1) or (2), respectively, of subsection (g).

3 “(3) IMPLEMENTATION.—The market pricing  
4 program shall be implemented in eligible market  
5 areas consistent with the following:

17 until the market pricing program is applying to  
18 items and services furnished in 100 percent of  
19 eligible market areas throughout the United  
20 States.

21 “(D) Once the market pricing program is  
22 applied throughout the United States under  
23 subparagraph (C), the Secretary shall conduct

23          “(C) TREATMENT OF DEPOSITS SUB-  
24          MITTED BY SUPPLIERS.—

1           “(i) SUCCESSFUL BIDDERS.—The

19          “(4) LEAD PRODUCT SELECTION.—

20          “(A) IN GENERAL.—For each item and  
21          service that is the subject of a market-priced  
22          auction, the Secretary shall establish a lead

25 price value submitted from eligible bidders

1 in advance of the auction for such other  
2 product relative to the price of the lead  
3 product. The Secretary shall establish a  
4 price index that is the single capacity-  
5 weighted average for each product in a  
6 product category in a market area.

7 “(iii) ESTABLISHING CLEARING  
8 PRICE.—The Secretary shall establish the  
9 clearing price for each market priced item  
10 and service that is subject to the auction  
11 based upon the data submitted under this  
12 subparagraph. Such clearing price shall be  
13 equal to the highest cost bid (or, in the  
14 case of a product described in clause (ii),  
15 such price bid weighted by the single ca-  
16 pacity-weighted average established under  
17 clause (ii)) that will meet capacity targets

22 establish timelines for the conduct of the mar-

20           “(D) PRE-AUCTION BIDDERS OUT-  
21           REACH.—Before each auction, the Secretary
